FOR IMMEDIATE RELEASE

JENKINTOWN, Pa – September 12, 2019 – On Wednesday, September 11, 2019, Saint Basil Academy announced that an anonymous donor has generously pledged a **\$1,000,000** contribution as a cornerstone of major giving to the Sustainability Campaign. The announcement was made as 240 students and their families were welcomed at Back to School Night. This transformative gift will allow Saint Basil Academy to continue to work toward sustainability. Students and families have committed their support, and the faculty and administration are dedicated to the mission of building the minds of leaders through service and compassion.

In June 2019, the Sustainability Campaign was launched to not only secure the future of the school but allow Saint Basil Academy to aggressively compete for incoming classes on sound financial footing. The goal of the campaign is to raise \$300,000 annually and expand major gifts.

Since the inception of the campaign, Saint Basil Academy has received an outpouring of support from the community. To date, donors have pledged two-thirds of the annual goal.

ABOUT SAINT BASIL ACADEMY:

Saint Basil Academy is a college preparatory high school for young women rooted in the mission of building the minds of leaders through service and compassion. Through academic excellence, the Academy educates the whole person by integrating faith and life.
